GROUNDWATER SUSTAINABILITY AGENCIES

Recharging Groundwater Basins: Facts, Myths, Projects and Possibilities December 11, 2019

Join local groundwater agencies to learn more about how farmers in other communities and locally are contributing to groundwater recharge. This public workshop will focus on how groundwater can be recharged to help better manage and sustain local aquifers.

Wednesday, December 11, 2019

4:30pm - 7 pm

*** Updated Location** Friedman Event Center

4676 Mayette Avenue, Santa Rosa, CA 95405

Presentations will cover:

How groundwater recharge works

California's Flood-MAR (Managed Aquifer Recharge) project

Local efforts: What farmers are doing in Sonoma County to enhance recharge

Q & A and table top discussions

Light refreshments will be served

Please RSVP. Click here to [RSVP](#), or contact
