Any Member's failure to meet its funding obligations pursuant to Sections 10.02 or 10.07 of this Agreement may be treated as a breach of this Agreement and the Board may vote to

terminate such Member. Such termination shall be approved by unanimous consent of all Directors except the Director of the Member proposed to be terminated. In lieu of termination, the Board may in its discretion vote to suspend a Member's voting privileges for failure to meet its funding obligations pursuant to Section 10.02 or 10.07 until the Member has satisfied its funding obligations. Such suspension of voting privileges shall be approved by a supermajority vote, as defined in Section 7.06 above but excepting the Director of the Member proposed to have its voting privileges suspended. Such suspension of voting privileges shall be approved by a supermajority vote, as defined in Section 7.06 above but excepting the Director of the Member proposed to have its voting privileges suspended. In the event a Member's voting privileges are suspended, that Member shall not be counted as a member of the Board for purposes of determining a majority or supermajority vote in accordance with Sections 7.05 and 7.06.

The withdrawal or termination of one or more Members shall not terminate this Agreement or result in the dissolution of the Agency. This Agreement shall remain in full force and effect among the remaining members, following the withdrawal or termination of any Member, and the Agency shall remain in operation provided that there are at least two Members remaining in this Agreement.

Section 11.08 – Dissolution.

EXHIBIT B

Advisory Committee to the Agency Board of Directors

The advisory committee will have ten (10) members based on the interest group and member agency designations described below:

Members shall each appoint one (1) at-large member.

Five (5) interest-based appointees shall be appointed by the Board:

1. Environmental representative (from an organization with a presence in the Basin)
2. Rural residential well owner
3. Business community
4. Agricultural interest (surface water or groundwater user)
5. At-large community representative (preference for disadvantaged community interest))

The Board will appoint members to fill the interest-based seats. Interested individuals from the community or local organizations may apply to the Board, designating in the application the seat that the applicant would intend to fill. Each Member's governing body will appoint its at-large seat. Panel members may not serve concurrently on the GSA governing board. Members must live or work within or represent an organization with a presence in the Petaluma Valley Groundwater Basin, identified by the Department of Water Resources current Bulletin 118.

The Board encourages interest groups to work together to recommend a single candidate to fill that interest's seat. The Board will give strong consideration to appointing candidates that have the backing of multiple organizations or individuals within that interest group and familiarity with groundwater and its management. The Board will also give preference to applicants with experience working with diverse community-based groups.

For the at-large community representative, the Board will give strong preference to a representative who lives or works within a Disadvantaged Community (as defined in SGMA), and will in any case give preference to appointees that can represent the interests of disadvantaged populations or interests that are otherwise under-represented on the Advisory Committee.

The Board will determine if alternates are necessary, and if so, the appointment process.

The Board will establish a timeline and process for appointment of the initial

advisory committee following Agency formation. The initial Advisory Committee appointments will include five seats with three-year terms (interest-based categories) and five two-year terms (at-large). Following initial committee appointment, all terms will be two years. Appointees are not term-limited; however, they must apply for each term. If a vacancy occurs for an interest-based seat before the end of the term, the Board will appoint a new individual to complete the term. At-large vacancies shall be filled by the appointing Member. By supermajority vote, the Board may add one or more additional interest-based appointee positions to the Advisory Committee.

The Board can remove an interest-based committee member by vote if member is not performing his or her responsibilities.

The purpose of the committee is to advise the Board on groundwater sustainability plan development and implementation and Agency policies. The intent of the committee is to provide community perspective and participation in the Agency. The Advisory Committee will review and/or provide recommendations to the Board on groundwater-related issues that may include:

- Development, adoption or amendment of the GSP
- Sustainability goals and objectives
- Technical and Reporting Standards, including Best Management Practices, data management and reporting
- Monitoring programs
- Annual Work Plans and Reports (including mandatory 5-year milestone reports)
- Modeling scenarios
- Inter-basin coordination activities
- Project and management actions to achieve sustainability
- Grant funding proposals
- Community outreach
- Local regulations to implement SGMA
- Fee proposals
- General advisory

The Advisory Committee will not be involved in Agency budgets or day-to-day operations, such as personnel staffing or contracting.

Pursuant to Board direction, Agency staff will develop the annual work plan and schedule for committee meetings. The Advisory Committee will adopt a charter and will appoint a chair and vice-chair.

To inform Board decision making, the Advisory Committee will provide written recommendations in reports. The recommendation reports will identify areas of agreement and disagreement. The committee will strive for consensus when possible, but reaching consensus is not necessary. Consensus means that everyone can at least “live with it.”

When unable to reach consensus on recommendations, the committee will outline the areas in which it does not agree, providing some explanation to inform Board decision-making.

The committee may request that one or more committee members present its recommendations to the Board, including areas of agreement and disagreement, consistent with committee deliberations. The Board will consider advisory committee recommendations when making decisions. If the Board does not agree with the recommendations of the Advisory Committee, the Board shall state the reasons for its decision.

All Advisory Panel meetings are subject to the Brown Act and will be open to the public. The GSA will announce panel meetings on its web site and through its regular communication channels.
